

# MARIJUANA MILLIONS

You now have a rare opportunity to get in on the ground floor of this industry, to acquire a stake in dozens of potential dynamite companies that may rise quickly as the market expands. You can ride this wave, it is the new gold rush of our times. There's no accurate way of really knowing prediction of how big this market can really be.

Investment bank Ackrell Capital predicted by 2029 the market for marijuana will reach \$100 billion, A growth of 1,308%. The Boston Globe reported that legal weed in this state could bring in as much as \$1.17 billion in revenue, We're starting to see a shift from marijuana people getting into business, to business people getting into marijuana.

Legal pot is an unstoppable global trend. In Canada, a full legalization program is currently being developed, with the support of Prime Minister Justin Trudeau. Spain. Citizens can grow and consume cannabis. In Australia, the Federal Government announced that it would legalize the growing of cannabis for medicinal and scientific purposes. In Germany, consumption is legal. Israel has approved cannabis based treatments for cancer, MS, and epilepsy. Uruguay became the first county ever to legalize the sale of marijuana. These are just a few of the countries that are in the ball field. California has legalized recreational use of marijuana. My friends, the smart money is moving into cannabis, These are

exciting times, OH YES, new millionaires and maybe billionaires are about to be made.

I have personally invested in cannabis stocks. I have already made money and I believe I'm going to make a lot more with the stocks. Today I'm going to give you a few of my picks.
